

PRINCE2® Practitioner Re-Registration Workshop

This accredited workshop is designed to prepare existing PRINCE2 Practitioners for the PRINCE2 (2009 revision) Practitioner Re-Registration exam. Delegates will already hold the PRINCE2 Practitioner qualification and be registered as a PRINCE2 Practitioner with the APMG. The APMG requires all registered PRINCE2 Practitioners to be re-registered every 3-5 years. This workshop will incorporate the one hour Re-Registration exam in the new PRINCE2 exam format (introduced in September 2007).

Course duration

2 days with a recommended minimum of 6 hours pre-study time required to review Foundation Certificate learning and Practitioner style questions. The amount of pre-course work for each delegate will be dependent on current knowledge and day-to-day usage of the PRINCE2 method.

Who should attend?

Individuals who wish to re-register as a PRINCE2 Practitioner with the APMG.

Pre-requisites

Ideally a minimum of 1 to 2 years experience in a project environment. Must have previously passed the PRINCE2 Practitioner Certificate. It is strongly recommended that delegates complete the Provek supplied self-study guide in preparation for this event.

Course content

- Refresher of the PRINCE2 method
- Group and individual practical work

Pre-course study materials

All delegates are provided with a copy of OGC's Managing Successful Projects with PRINCE2 manual and Provek's PRINCE2 pre-study workbook for review prior to the workshop.

Course style

The course is highly participative with attendees working on various stages of a simulated project in addition to plenary sessions, discussions and questionnaire based exercises designed to reinforce personal learning.

Course venues

Please refer to our training schedule for course dates and venues. This course is also available as an in-house programme. To discuss prices, dates and venues please contact Provek.
