

WEX ABILITY

A Work Experience Preparation Resource

WEX-ABILITY is our newest product. A fun and engaging programme designed to help young people **get the best** out of their work experience. It's a **comprehensive resource** with everything you will need to deliver this highly interactive programme that ensures students are **well prepared** and able to make the most of their

time in the workplace. Letters for informing students and parents, **lessons plans**, worksheets and a range of optional activities to extend the programme are all included. There are five sessions which are all mapped against the **Personal, Learning and Thinking Skills Framework**. The sessions include: Setting

Personal Goals, Think Safe 2 B Safe, How To Get Hired Not Fired, What Have I Got to Offer? and The Final Show. The focus of the activities is for students to **develop an understanding of employability skills**, recognise what they need to do to keep safe and help them to understand what will be expected of them during their

placement. Activities include group work, role plays and individual exercises. The flexible nature of the programme means you can deliver it as a series of **individual lessons** over a period of time or as a collapsed timetable day. The resource is only £99.00 + VAT and can be ordered by contacting:
